Career Fair Tips

- There are more positions than just software developer! (ie. consulting, product manager, technical evangelist, etc)
- Most companies need software for one or another reason, so even if it's not a software company, they are likely still hiring for CS!

Career Fair Tips

-   Know your resume inside out.
-   Prepare a short elevator pitch about yourself
-   Show off any work you've done (if possible, via mobile)
-   Follow-up within 48 hours

Who is Grace Hopper?

- invented the compiler
- rose to ranks of Navy Admiral
- popularized the term "debugging"
- honored with the Grace Hopper Celebration, the largest gathering of women in tech conference
